Umich course guide pdf

Have you completed college courses in the past? Have you taken AP, IB or CLEP exams? Are you currently enrolled at another college or planning your next semester? We have tools and resources to help you plan for an efficient transfer of credit to complete your degree at NMU. Step 1: Locate your desired academic program in the NMU Course Catalog and review degree requirements. Step 2: Understand NMU's General Education requirements. Step 3: See how your credits transfer to NMU using the tools below (including Exam Equivalencies). Step 4: Use an advising sheet/audit to see how the credits you will transfer to NMU meet degree requirements. Step 5: Approximately two weeks after you are admitted to NMU, you will receive a Transfer Credit Evaluation (TCE). This is the official document that will tell you (and your NMU adviser) exactly how your prior credits translate to NMU credit. You will get this in the mail. Here's a resource to further explain the TCE. Please know that an academic adviser will guide you during your time at Northern. Visiting students taking only one or a few courses and returning to their home institution click here: Guest Student Application Instructions Please view our bulletin (course catalog) to view the list of classes required for the major you are seeking to declare at NMU. We can help you understand the application of your coursework to specific majors at Northern Michigan University. Let us assist in the process of tracking your coursework and make your transfer an easy one! Global Campus (fully online) students please click here. This resource allows you to enter specific classes by the course listing of your home institution to see how they transfer to NMU. You may check up to 6 classes at a time. Use this tool if you want to focus on specific course numbers you want to check - either courses you have taken or those you may be planning to complete.* *If you do not see a college or course listed, it does not mean credits will not be awarded. It simply means we have not yet evaluated it. NMU automatically evaluates all courses on admitted students' transcripts. Current NMU students seeking a transfer course to take at another institution and apply to their degree requirements should speak with their academic advisor. Click here: Academic & Career Advising Center Course-by-Course Equivalency Search This resource allows students with prior college credit, or those considering enrolling in college courses, to search through previously evaluated courses from many U.S. colleges and universities and see how the courses would transfer to NMU. In each case, start by picking the college you are transferring credit from to find the coordinating NMU number and title. Use this tool with the current NMU course catalog and the catalog of your current college for transfer course planning.* *If you do not see a college or course listed, it does not mean credits will not be awarded. It simply means we have not yet evaluated it. NMU automatically evaluates all courses on admitted students' transcripts. Current NMU students seeking a transfer course to take at another institution and apply to their degree requirements should speak with their academic advisor. Click here: Academic & Career Advising Center Course Equivalency Database Are you signed up to receive regular communication, reminders and updates from us? If not, please sign up or submit your application for admission. Other Transfer Resources If you have completed or are completing courses at a Michigan school, check out MiTransfer Pathways as an additional transfer resource available through the Michigan Transfer Network. In addition to the resources found below on this page, you should also work with your high school or community college counselor and/or your NMU admissions counselor. Transfer Agreements Northern Michigan University values its partnerships with other colleges and universities. View our articulation agreements and "reverse transfer" agreements using the link above. Exam Equivalencies AP® (Advance Placement) IB (International Baccalaureate) CLEP (College Level Examination Program) You can also review the Advanced Placement policies in the Undergraduate Bulletin. Students who have completed Advanced Placement testing must request an AP Score Report for each test completed to be sent to NMU's Admissions Office. .
