So, for you who want to know better about this amazing camera that is believed to be suited for beginner, the explanation below must be something should be read. To begin the conversation, we chose Overall look as an opening topic. Since this is the most obvious thing of a product, so we will talk about it first. As novice-oriented camera, EOS Rebel T6 comes with compact size to ensure simple handling. Again, it is because the target itself. The design is like how it is found in common camera. It comes in fiber as the main material. EOS Rebel T6 has a very good handgrip. This handgrip is sculptured and layered with rubber to ensure secure handling. Ex-smartphone user may be very familiar with touch screen. And it is better to use touchscreen LCD like that in Rebel T5i, but sadly you may not find it on EOS Rebel T6. Related article: Canon EOS Rebel T5 Manual: Standard Features Camera ManualCanon EOS Rebel T6 SpecificationIn the age of ease like now, a sophisticated feature is like a mandatory. And Canon does a great job in this case. Canon EOS Rebel T6 is new line from Canon EOS camera to attract buyer by adding new way to share picture wirelessly. It is so much easier than that the wired one. Canon EOS Rebel T6 is designed for beginner or those who want to upgrade from smartphone photography, who already familiar with the latest technology. EOS Rebel T6 is like a downgrade version compare to T5i in specifications. Again, it is for reasonable price. But this low price is seems reasonable enough since the target market of this camera is basically beginner. And price will be a big issues for beginners.
