I downloaded this game awhile ago and I play while listening to podcasts. It's mindless enough that I can be entertained while still focusing. To be clear, the game is ridiculously simple and the currency situation/sand city/infinately spoiling levels make no sense...BUT if you buy the paid version (just ad free – not the insane \$100 one) and always choose not to watch ads because the currency doesn't matter anyways, you've got yourself a 4 out of 5 star game.Gurjeet Mann: Hi guys. I would give you one two five five stars because this game is easy at the first level but if it gets harder as you go like I hope you have good time playing with this game because this is a really hard game when you get all some levels completed like you might not even get all levels completedKids Hamilton: I can tell you, I like it, but what's the point of waisting your time on adds, so you can get new cars? It kinda stinks. but the rest, is RAD. (rad means cool) Play it now! You gotta tryan get the sand down to the truck. I don't get it. There is a sand city, and the point of it is no use. it just wastes my time. But the actual game, is RAD! Play now! Thumbs up for the game! And happy time, playin! The thing is, people are DYING for no adds, but I don't care. T-U-R-N O-F T-H-E I-N-T-E-R-N-E-T!!!!
