Neville goddard the law and the promise

By the time he published The Law and the Promise in 1961, Neville was well-established as a leading metaphysical teacher and lecturer, and had a substantial following of students who recognised his gift for revealing fundamental metaphysical principles. Neville's appreciative audience provides the material for much of this book: its first fourteen chapters present case studies that illustrate how Neville's students applied his teachings. These case studies present inspiring examples of how people used Neville's principles to heal illness, manifest abundance, and render a wealth of seeming "miracles" in their lives. Enlightens you on the power of your mind. "Man is all Imagination. God is Man and exists in us and we in Him... The Eternal Body of Man is the Imagination, that is, God, Himself"— Blake The purpose of the first portion of this book is to show, through actual true stories, how imagining creates reality. The Law and The Promise by Neville - "When man solves the mystery of imagining, he will have discovered the secret of causation, and that is: Imagining creates reality. Therefore, the man who is aware of what he is imagining knows what he is creating; realizes more and more that the drama of life is imaginal-not physical." - "Man is all imagination; therefore, man must bewhere he is in imagination, for his imagination is himself." - Taken from "The Law and The Promise" written by Neville Goddard Description Product Details Click on the cover image above to read some pages of this book! Neville Goddard (Born February, 15, 1905 in Barbados) was a metaphysical teacher who taught the law of attraction through lectures given on television, radio, books, and live in front of an audience. For years he was one of the most influential teachers on manifestation or on how our imagination creates reality in an almost literal way. To revise the past is to re-construct it with new content. Man should daily relive the day as he wished he had lived it, revising the scenes to make them conform to his ideals. For instance, suppose today's mail brought disappointing news. Revise the letter. Mentally rewrite it and make it conform to the news you wish you had received. Then, in imagination, read the revised letter over and over again and this will arouse the feeling of naturalness; and imaginal acts become facts as soon as we feel natural in the act. "Neville may eventually be recognized as one of the world's great mystics." -Joseph Murphy, author of The Power of Your Subconscious Mind "A popular speaker on metaphysical themes from the late '30s until his death in 1972, Neville authored ten books in which he captured the sheer logic of creative mind principles. His work has impacted me in a very profound way; in fact, he's been a great mentor to me in the past few years." -Dr. Wayne Dyer in Wishes Fulfilled "Neville may be the positive-thinking movement's most radical and subtly influential voice." -Mitch Horowitz, Time.com "Of all the metaphysical systems with which I am acquainted, Neville's is the most magical." -Israel Regardie "The words of spiritual teacher Neville Goddard retain their power to electrify Neville captured the sheer logic of creative mind principles as perhaps no other figure of his era." -Science of Mind magazine ISBN: 9781534914544 ISBN-10: 1534914544 Audience: General Format: Paperback Language: English Number Of Pages: 146 Published: 28th June 2016 Publisher: CreateSpace Country of Publication: US Dimensions (cm): 22.91 x 15.19 x 0.79 Weight (kg): 0.2 Flipkart Internet Private Limited, Buildings Alyssa, Begonia & Clove Embassy Tech Village, Outer Ring Road, Devarabeesanahalli Village, Bengaluru, 560103, Karnataka, India CIN : U51109KA2012PTC066107 Telephone: 1800 202 9898 Published by Thriftbooks.com User , 12 years ago For those who truly desire to lead the life they love, this is the book for you. It's The Secret on steroids. I have been studying and practicing the principles set out in this and all of Neville's books. The Law and the Promise is the book I share with anyone who is ready to take the leap into a brand new way of thinking, of feeling, of living a larger and greater life. It is full of examples and easy explanations. My only caution is to avoid the last chapter. It's a difficult one to get through for those starting out on this journey and I am definitely speaking from experience! Published by Thriftbooks.com User , 14 years ago I had not known of Neville before I found him mentioned in Gregg Braden's new book, "The Lost Mode of Prayer." I'm glad my curiosity led me to Neville. "The Law and The Promise" is an unassuming easy read. Filled with examples from the lives of real people, it shows the way to "move mountains," one of Jesus' teachings that had always puzzled me. Read it with an open mind. Read it with an open heart. And when you decide to put into the Law into action, be sure to keep a journal of what you have imagined. Results can come so quickly that, without a journal or diary, you may not be able to see the connection between the Law and the Outcomes. This book won't go into my library but will stay in my stack of "read these now" books for periodic review. It's that good. Phyllis Staff, Ph.D. author: "How to Find Great Senior Housing," and "128 Ways to Prevent Alzheimer's and Other Dementias" Published by Thriftbooks.com User , 17 years ago I "accidentally" stumbled across Neville and his writings about 8 years ago. Since that time, I have had many changes and "miracles" in my life which I can only attribute to Neville and his technique. This book, THE LAW AND THE PROMISE is full of actual stories from people who used the simple technique to make their "impossible" dreams come true. Neville states "there is no fiction" and having put the techniques in this book to test in my own life, I can say with absolute certainty this is true. There are many other books written about creative visualization and manifestation but Neville is by far the best! I have passed this book on to friends and clients in hopes that they too will achieve their dreams. Published by Thriftbooks.com User , 20 years ago I have been reading many wonderful books on New Thought/Spirituality. One of my goals is to be a successful man who can apply everything he reads and preaches in his personal life. Eventhough I have been interested in New Thought for years, I seem to have this small urge to wonder "what if this all is not true". A good friend of mine sent me this book in question, and it literally backed up all my faith, and I really think that without this book I wouldn't have made certain inventions such as the divine triangle and concepts around that system.Whether you are a beginner or an old-timer in New Thought and books like this -- you will absolutely just love this item.if you have lack of faith in what others teach, and you would like to learn how to have faith on yourself and how you can literally transform your life -- then this is the very book for you.This book will also reveal you the master plan of success and all that you want in your life...and I am quite sure that you're not let down.Neville truly is a master of wisdom! Also, you would be better of if you read The Power of Your Subconscious Mind by Dr. Murphy along this book.Good luck, may all your wishes come true. Published by Thriftbooks.com User , 21 years ago The Law and Promise explains the fundamental principles of making your dreams come true, quite literally, in fact. Neville's simplified explanations allowed me to relate the "law" with almost everything I understood about the basic principles extrolled by most of the world's religions. And the "promise," as he so aptly phrases it, is so easy to attain by following his step by step instructions. It is truly an enlightening book and one that I have read many times and distributed to most of my closest friends. Neville's approach is clear, concise and effective. Your dreams are only a few pages away from becoming a reality. You'll feel it happening every time you rest your mind. neville goddard the law and the promise pdf. neville goddard the law and the promise youtube. neville goddard the law and the promise deutsch
