Image: Parkwood Entertainment / Columbia Records On September 4, 1981, the music world was changed forever. This is the day that pop icon and R&B legend, Beyoncé Giselle Knowles, was born. As a child, it was clear that she was destined for stardom. In fact, the young musician started focusing on her singing when she was only 7 years old. After getting her big break with Destiny's Child, Beyoncé went on to win award after award and collaborated with other huge names in the business. She's gone on to release an astounding six solo albums that debuted at the top of the music charts. And we're sure there's more to come!Beyoncé's success made her a household name long ago, but how much do you truly know about the singer's discography? Are you able to recognize her music videos based on the setting, costume or who else is in the video? If you consider yourself to be a Beyoncé expert, then it's time to prove yourself through the questions in this quiz. From "Dangerously in Love" to "Lemonade" and every album in between, this quiz will look at Queen B's extensive videography and push your Beyhive knowledge to the limit. And so the boss battle was born. Over time, the boss battle has advanced. In the early days, it was a case of just hitting the boss, be it a demon, spaceship or animal, enough times with your sword, laser or whatever weapon the game have given you.As hardware became more impressive, so did the boss battles and today, its no longer a case of a finger on the trigger until the boss is dead. Now you need to learn their attack patterns, their defenses, what weapons work against them, what combos you will need to use and a range of other important factors to bring them down.But no matter what you play, from early arcade classics to the latest PC and 4th generation console games, fighting toward that boss battle is what drives you on.Now the questions is, can you name the games these bosses made their appearance in from just their image?This one is tricky!Press START to begin!
