Are three decades of interest in modern physics, ecology, mystical religion and interpersonal psychology finally synthesizing into a new spiritual 'common sense'? Are we now beginning to live this new common sense? Can it become the dominant paradigm of the next century? An ancient manuscript has been found in Peru. Its contents: nine insights the human race is predicted to grasp as we enter an era of true spiritual awareness. In this gripping adventure-tale, James Redfield offers a compelling vision of the new spiritual understanding that is emerging in human culture. You will instantly recognize the truth of the First Insight: in each of our lives occur mysterious coincidences--sudden, unexplained events that, once interpreted correctly, serve to guide and direct our actions. Join the adventure and let this synchronistic perception guide you through a daring search for the remaining insights. Each will be found in turn, and each will clarify how a growing link with the spiritual is relentlessly transforming human life. Reading like a story of high adventure, but having the in-depth effect of a spiritual parable, The Celestine Prophecy will take you on a journey that will lighten your soul, and connect you with a vision and an experience that is already changing the world. celestine prophecy audiobook free download. celestine prophecy audiobook mp3. the celestine prophecy audiobook download. celestine prophecy audiobook free
