Wow alchemy level guide

this guide will help you to level your alchemy from 1-600 in the fastest and cheapest way possible. I suggest while using this guide that you buy the herbs you need out of the auction house because this will save you a lot of time and will allow you to start making high-level flasks, elixir, pots, and so on to sell for gold or for your oo. If you are going to make gold with your alchemy or not think you will have enough gold to buy all the herbs you will have to level on I highly recommend reading this guide before to make sure you will have enough gold to buy as many herbs as you can on the auction house and so you will know how to sell the items you create for maximum profit. this alchemy leveling guide is updated for patches 5.0.5 and pandaria mists, in this guide, I will help you to level your alchemy from 1600 with the smallest possible gold, the leveling alchemy is easier than it may seem, especially with the paths in this guide, if you are also interesting in leveling herbalism, take a look at my tiding guide with maps for levels 1-600. what is in this leveling guide: materials necessary for the leveling of the alchemy from 1-600 (approximately) directly below you will find a list of all the elements you will have to get to 525, remember that these are just estimates and you might need more or less than some mats in some cases. you will also need a lot of crystal vial, but I did not list it in the list below, since it is a cheap selling product. alchemyor 1-140 60 Peacebloom 60 Silverleaf 85-95 Briarthorn 30-35 Bruisweed Alchemy Materials for 140-210 Alchemy materials for 210-300 Alchemy materials for 300-350 25 Golden Sansam 40 Felweed 30 Dreaming Glory 10 Terocone 5 Netherbloom Alchemy Materials for 350-450 Alchemy Materials for 450-525 Alchemy Materials 1-140 leveling alchemy is very straight forward.
