## Wow classic 1- 300 leatherworking guide

This Leatherworking Guide will get you from 1-600. You'll need quite a bit of leather to accomplish this so my recommendation is to buy leather on the Auction House. It'll simply save you a lot of time as opposed to Skinning for all the Leather you need. If you are looking to make gold with your Leatherworking be sure to take take a look at this guide before you start. This Leatherworking Leveling Guide is updated for patch 5.0.5 and Mists of Pandaria. This Leatherworking leveling guide takes the most practical and common sense approach to leveling your Leatherworking to 600 as easy as possible. If you notice that another item is cheaper for you to craft while leveling, then by all means go ahead and use it instead for that particular step. What's in this Leatherworking Leveling Guide: Materials Required for Leveling Leatherworking from 1-600 (approximate) Here's a list of all the leathers, hides, furs, and volatiles you'll need to complete this guide. You'll also need to buy some thread, salt, dyes, etc. from vendors but I've left them off of this list since they are cheap and easy to obtain. Apprentice Leatherworking (Leveling 1-55) Start by making as much of your own Light Leather as you can based on the amount of Ruined Leather Scraps on the Auction House. Since you will use the resulting Light Leather, this can get you up to level 20 at no cost. 1-30 29 Light Leather Journeyman Leatherworking (Leveling 55-150) For this section you'll be working with Light Leather and Medium Leather. It's still cheap to level up through these levels so make sure you just buy your mats off the Auction House. 55-85 30 Embossed Leather Gloves 90 Light Leather, 60 Coarse Thread 130-145 15 Cured Medium Hide,15 Fine Leather Belt, 30 Fine Thread, 15 Gray Dye Expert Leatherworking (Leveling 150-200) This section of the guide will get a bit more pricey (as will the rest of the guide), if you're running short on gold or concerned you might not have enough to make it all the way through to 525 then take a look at this guide now. 165-180 75-100 Heavy Leather, 15-20 Fine Thread 190-200 40 Heavy Leather, 10 Cured Heavy Hide, 10 Silken Thread Artisan Leatherworking (Leveling 200-300) You'll be working with Rugged Leather and Thick Leather for this section. Remember to always go back to the trainer to train your skills. 200-220 100 Thick Leather, 20 Silken Thread 220-235 15-25 Nightscape Headband 75-125 Thick Leather, 30-50 Silken Thread 235-250 210 Thick Leather, 60 Silken Thread 250-265 75-100 Rugged Leather Master Leatherworking (Leveling 300-350) Knothide Leather will be what you are using to craft throughout this section. If you haven't already, I highly recommend that you take a look at this gold guide to learn the best ways to make gold with Leatherworking. 300-310 100 Knothide Leather Scraps 310-325 60-100 Knothide Leather 325-335 43 Heavy Knothide Leather 215 Knothide Leather Save all of these, you will need them in the following steps. 335-340 15 Heavy Knothide Leather, 15 Rune Thread 340-350 28 Heavy Knothide Leather, 28 Fel Scales, 42 Rune Thread If you can't find any Fel Scales you can keep crafting Thick Draenic Vests until 350, but it will cost a lot more Heavy Knothide Leather Grand Master Leatherworking (Leveling 350-425) This section of the guide will require you to seek out Borean Leather from the Auction House. Be sure to read the notes listed in this section as there are important tips to take into consideration. 350-365 150 Borean Leather Scraps If you prefer you can simply begin making Borean Armor Kits instead for these levels. 365-380 60-80 Borean Leather 380-385 40 Borean Leather 385-390 50 Borean Leather 390-405 660 Borean Leather 405-420 15-20 Dark Frostscale Leggings 60-80 Heavy Borean Leather, 75-100 Crystallized Water You can also make Dark Iceborne Leggings with the same amount of Crystallized Shadow. If there isn't enough Crystallized Water and Shadow on the auction house, skip to the next step. 420-425 5 Arctic Fur You can apply this fur lining to your own gear. You can get Arctic Fur in Dalaran here for 10 Heavy Borean Leather. Illustrious Leatherworking (Leveling 425-525) To continue past 510 you'll need to purchase your recipes from a "Leatherworking Supplies" vendor located near your trainer in all major cities (aside from Dalaran and Shattrath). You'll need Heavy Savage Leather for these steps, the mats list assumes that you will create this all yourself. If you don't then be sure to adjust how much Savage Leather you buy because you won't need as much if you buy the Heavy Savage Leather. If you are struggling with being able to afford to finish off your last few levels take a look at this guide. 425-445 150-250 Savage Leather Scraps Save these for later use, there is no harm in making extra since you will use all the Savage Leather. 445-450 25 Savage Leather 450-460 70 Savage Leather, 10 Eternium Thread 460-470 70 Savage Leather, 10 Eternium Thread 470-475 50 Savage Leather, 5 Eternium Thread 475-480 30 Savage Leather, 20 Volatile Fire If Volatile Fire is too expensive you can keep making Darkbrand Boots to 480. 485-490 10-20 Heavy Savage Leather 50-100 Savage Leather 490-510 125-150 Heavy Savage Leather 510-516 3 Vicious Leather Bracers 30 Heavy Savage Leather, 30 Volatile Fire There are 3 other options to choose from that cost the exact materials: Vicious Leather Gloves, Vicious Wyrmhide Belt and Vicious Wyrmhide Bracers. 516-520 20 Heavy Savage Leather, 20 Volatile Fire There are 3 other options to choose from that cost the exact materials: Vicious Leather Shoulders, Vicious Wyrmhide Boots and Vicious Wyrmhide Gloves. 520-525 30 Heavy Savage Leather, 30 Volatile Water There are 3 other options to choose from that cost the exact materials: Vicious Leather Helm, Vicious Wyrmhide Chest and Vicious Wyrmhide Shoulders. Zen Master Leatherworking (Leveling 525-600) You will see that I use the Exotic Leather on most all the recipes and that is due simply to the fact that it is cheaper route on my server than making stormscale items with prismatic scales. 525-540 540-550 550-565 565-580 Enjoy your max Leatherworking!
