But with the launch of a stand-alone spinoff film, a new era begins, returning to a previous timeline in the franchise. Travis Knight’s first trailer shows Bumblebee not as a muscle car, but as an old Volkswagen Beetle. Bumblebee is a prequel of the latest Transformers films, set in a city on the beach of the 80s. As in LaBeouf’s flick, a hero (this time called Charlie Watson and played by Hailee Steinfeld) appears in a beaten and mistreated car, only to discover that it is not a normal ride. › Take the music › › It’s a transformer! Paramount Photos Car and driver fans who know their lore will not see the switch to a Bug as confused or strange, but as a return to the roots. In the first-generation animated series and the G1 toy line, Bumblebee turned into a Maggolino. Here are two clips: This content is imported from YouTube. Word was Bay made the move to Camaro because of concerns there would be too many comparisons with Herbie the Bug Love—marketing dollars could not be bad, either. Also seen in the last trailer is the secondary aspect of Bumblebee, where it adopts a new mask and what seems to be the grid from a Willys Jeepster orMitsubishi Jeep like his plate. It is interesting to note that there is another transformer called Hound whose old school mode was in fact a jeep Mitsubishi before turning into a military vehicle Oshkosh and an ambulance Unimog in the latest films. The only other Transformer seen in the new trailer is a hunting jet that could be the Decepticon Starscream, another character who frequented the old animated series. From the flash on the screen, it seems to come in the form of a McDonnell Douglas F-4 Phantom II. There will certainly be more trailers to come before the movie comes to the theater on December 21, and we will call more cars as they come.
